

Tylö steam shower i130 – your own personal spa experience with built-in steam bath and shower.

## Tylö steam shower i130

With the Tylö steam shower impression 130 you can have a unique bathing experience with steam bath and shower and room for one. The Tylö steam shower i130 is a flexible solution, with a Scandinavian design, and can easily be adapted to existing house design (see suggestions on next page). With its economical outer measures the Tylö steam shower i130 fits the small and medium sized bathroom - and everyone that would like their own spa-experience.

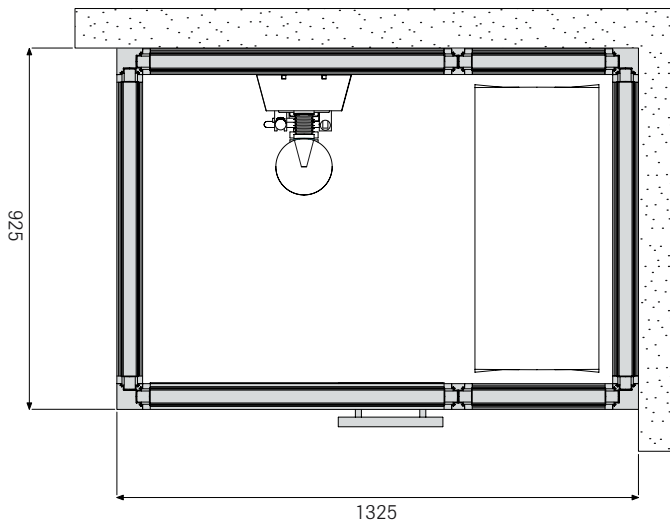

**THE TYLÖ STEAM SHOWER i130 INCLUDES:**

Wall and ceiling sections • Light fittings • Door section • Bench • Shower, mixer tap and steam generator • Control panel • Assembly hardware

The steam bath is easy to manoeuvre with the control panel.

Here you have a bird's eye view of our complete, prefabricated Tylo steam shower i130. You can see size, the possible locations of the shower/steam column and how the interior is designed. The Tylo steam shower i130 can be installed mirror fashion and the door can hung to open either left or right.

Some of many assemble alternatives for the Tylo steam shower i130.
