

STEAM BATH: **PANACEA**

Panacea is the name of the Greek goddess of universal remedy and has laid the foundation for the development of our new and exclusive steam bath. With Panacea, we have interpreted classical elements and therapies, and forged them into a revolutionary and innovative steam bath experience.

DISCREET, EXCLUSIVE DESIGN

Manifesting itself through carefully appointed materials and restrained design, Panacea makes a strong and exclusive impression. Our goal has been to create a highly flexible steam bath where versatility and bespoke solutions have been our key focus.

DESIGNED FOR MANY DIFFERENT SETTINGS

The Panacea steam bath is constructed with infinitude in mind. We have therefore created a versatile design which makes the Panacea suited to the most diverse settings. Installation is also very simple and is usually completed within hours rather than days.

THERAPY FOR BODY AND SOUL

The Panacea steam bath by Tylö is the epitome of soothing properties. The hot steam envelops the body and soul, releasing tensions and easing stiff and aching muscles. The experience is further heightened by individualised sound and light therapies, inspired by ancient and natural treatments, which relax and harmonise the mind.

STEAM: STEAM BATH

THE MATERIAL

Thanks to its extremely flexible and multi-faceted properties, Corian® is every architect's preferred material. When creating Panacea, we used Corian® for interior features such as benches and accessories. Corian® is a highly versatile, durable and hygienic material. The translucent glass in the walls and the atmospheric lighting combine beautifully to create an almost immeasurable experience.

Exterior height 2100 mm

■ Smoked glass
■ Black/green glass

PANACEA

The Panacea steam bath features a shifting light and colour therapy called chromotherapy. To create a full therapeutic experience for all senses, Tylö offers the possibility to complement the light therapy with a range of products that are suitable for sound therapy and aromatherapy. The Panacea has Corian® benches, tinted glass walls and a frame of black plexi glass.
